Mr. T. E. Bradley, Conductor.
Mr. W. Gordon, Engineer.
Jellicoe, Ontario.

Dear Sir,

I am very glad to inform you that we have a most complimentary letter from Mr. Thomas Falls, Timber Contractor, Port Arthur, regarding the excellent handling of his L.C.L. freight and other matters, in connection with his camps near Hydro and Hogarth. In this connection, I might say I have also heard a number of very complimentary remarks from other patrons of the Line, regarding the excellent service you gave them on Trains 222 and 221.

Please accept the thanks of Mr. Faught and myself for this excellent handling.

Yours truly

Superintendent.
