Newberg, OR 97132

Dear Larry,

On behalf of the members of the Cascade Conference Planning Committee, thank you for sharing your expertise with those who attended your presentation at the 2008 Cascade Occupational Safety & Health Conference.

It would not be possible to provide employers and employees a conference with such state-of-the-art occupational safety and health techniques, information, and resources without you. We especially thank you for taking the time to help us provide quality and affordable training.

Attendees were very pleased with the variety of programs offered at this year's conference and evaluation comments indicated that the speakers were very helpful in finding solutions to many of their workplace safety and health issues.

If session evaluations were turned in by those attending your presentation, a summary of the evaluations is enclosed. Should you have any questions, please contact Sharell Lien, Conference Coordinator, (503) 947-7433; sharell.l.lien@state.or.us.

We all very much appreciate your contribution to the success of the conference and commitment to occupational safety and health!

Sincerely,

***2008 Cascade Conference Planning Committee***

## Session Comments

### Leaders Action Plans for the Best Return on Your Safety Investment

Larry Dennis

There was so much participation that there seemed to be fewer questions.

An excellent class.

A fantastic speaker and motivator.

Information provided in a fun format.

Great information. Useable in my workplace.

Thanks for your motivation to become a better leader.

Very challenging class. Really makes you think.

Thanks for the vision. Looking forward to reading the book.

Thanks for the sunshine.

Great job of keeping everyone focused on challenging tasks.

Very enlightening. Pushed the intellect to make worthwhile and helpful contributions.
